

U-Latch Universal Gate Latch Solves Most Latching Issues

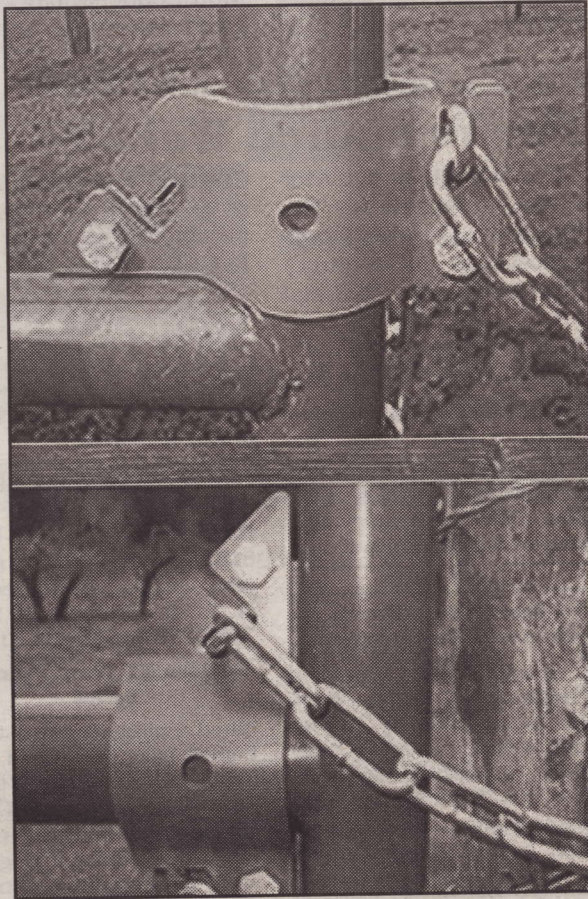

Simple Design

- Fits 1 5/8" – 2" tubular gates •
- Bolts on – no welding necessary •
- Opens with one hand •
- Secures livestock

Benefits

- Durable, powder-coated, steel plates •
- Easy to open one-handed •
- Effective for latching two gates together •
- Will not bend or break under weight of livestock •
- Double latching for added security against animal tampering •
- Tolerates gate drop and variable distance to latching post •
- Secures with various styles and sizes of link chain •
- Can be permanently attached to gate with screw or bolt •
- Use on old gates or new – replace the gate, re-use the latch •
- Attach vertically or horizontally •
- Weighs 13.5 oz.
